

WE FIND SOLUTIONS

WE FIND SOLUTIONS

GBD (www.gbd.rs) is a system integrator that designs and implements customised solutions based on clients' needs in the areas of security systems, automatic doors and passages, access control and time attendance, and other low voltage solutions since 2005. We offer full support to investors, architects and construction companies in designing and implementing projects in those areas.

We find solutions that fulfill needs and wishes of our clients.

WE FIND SOLUTIONS

OUR PARTNERS

We sell, install and maintain security equipment of Swiss based company KABA, German based company GEZE and other renowned manufacturers.

KABA (www.kaba.com) is the world's leading provider of groundbreaking, comprehensive solutions in the fast-growing security industry. The Swiss based company employs around 7,500 people in more than 60 countries.

GEZE GmbH (www.geze.com) is one of the world's leading developers and manufacturers of construction systems for door, window and safety technology. GEZE offers a comprehensive range of products including automatic door systems and door technology, glass systems, smoke and heat extraction systems, safety technology as well as window and ventilation technology.

Depending on the wishes and needs of our clients we are in a position to offer products and solutions of other manufacturers.

OUR APPROACH

In order to provide our clients with appropriate solutions we believe that we have to show creativity, dedication and reliability in our work. Therefore we invest a lot in knowledge of our employees and our services quality standardisation.

Knowledge

As authorised partner of Swiss based company KABA, we have obtained all necessary certificates, knowledge and skills for installation and maintenance of this sophisticated security equipment.

OUR CORPORATE VALUES

Creativity
Dedication
Reliability

Standardisation

We have introduced ISO 9001 Quality Management Standard (issued to us by SGS) in order to be able to offer our clients services in line with the high quality of technical solutions we have in our portfolio.

Clients

WE FIND SOLUTIONS

Our team

Different projects that we have done so far demanded implementation of both standard and tailor made solutions developed based on our clients' needs and wishes. Our team composed of experts in electronics, software, IT, mechanical engineering, precise mechanics and other areas developed and implemented those solutions. Complexity of these projects required from us excellent project management skills as well.
